

An important message from Jostens to Parents/Students/Guardians:

It is just about time for delivery season to start and here are a few important things to know:

1. If you ordered in the fall and have a balance due on your order, your final payment deadline is March 1, 2018, to avoid a potential late payment fee being added to your order total. You can call 1-800-Jostens to make the payment or utilize the online payment instructions on your invoice.
2. If you have not yet ordered, no problem and no worries, you can still order at www.jostens.com. If you want to possibly receive your cap and gown unit with the rest of the class on the initial delivery day, you should order no later than March 25, 2018. You can still order after that date if needed and delivery of your unit will either be to school mid-May, 2018, or mailed to the address on record after mid-May.
3. If you have questions about your current order, need to adjust your order or cancel your order, you should contact us at 1-800-Jostens.

Thank you for allowing us to be your trusted partner in all your graduation needs and we look forward to seeing you at graduation.
